

The George Community Pub (Wickham Market) Limited

A Community Benefit Society

THE GEORGE
Community Pub

Declaration of Interest in Purchasing Community Shares

The George Community Pub (Wickham Market) Limited, (the Society), thanks to share investment by some 350 Members, purchased the fire-damaged George Public House in Wickham Market, Suffolk in September 2018 and intends to rebuild and operate it as a community-owned pub.

The Society has been awarded a substantial grant by The National Lottery Heritage Fund which will allow it to develop its plans up to the point prior to work beginning on site. A further sum of nearly £1m has been earmarked by the Fund for the rebuilding and restoration work which, provided the Society successfully carries out the Project Development/design work, should allow the rebuild work to begin in 2021.

At that time, the Society will be publishing a second formal share offer in order to raise an agreed proportion of the overall costs. Before then, however, you can help by making an expression of interest to invest (a 'pledge'). This will greatly assist in demonstrating to the Heritage Fund, and other potential funding bodies, that there is a continuing high level of community support for the Project.

If you are willing to declare an interest to invest in the Society, then please complete this form.

Information you provide will be held confidentially.

Your declaration does not constitute a commitment to invest.
